

## Householders Energy Support

### Introduction

The Suffolk Climate Change Partnership (SCCP) are funding Groundwork East to find out whether community groups and other organisations across the county would be interested in receiving free 'Home Energy Champion' training to help provide on the ground advice for householders and residents of Suffolk. The aim is that the training would enable a network of local Community Energy Champions to be set up who could offer help to residents to help them save on fuel bills and encourage, where possible and appropriate, ways to reduce their climate impact.

To do this we would appreciate it if you could answer the following questions to help us to create the right training model to provide this service, subject to funding becoming available.

### Question Title

1. Do you think this is a needed service to help householders facing fuel poverty that you could support?

Yes

No

Other (please specify)

### Question Title

2. Is your community group or organisation well placed to receive 'energy champion' training to help your staff/volunteers reach householders and help them to reduce their energy bills and adapt to climate change?

Yes

No

Other (please specify)

### Question Title

3. How many volunteers do you have within your community group or organisation that would benefit from training and make use of it during their work for you?

1-3

4-10

11-20

21+

### Question Title

4. If relevant, do you have the capacity to reach out to residents in Suffolk with energy advice as part of your existing organisations' work?

Yes

No

### Question Title

5. How many people approximately could your group reach with information if you had trained 'energy champions'?

- 1-10
- 11-25
- 26-50
- 51-99
- 100+

**Question Title**

6. What topics would you like the training to cover?

- Reducing energy bills
- Better Energy Usage
- Renewable Energy
- Climate Change
- Other (please specify)

**Question Title**

7. We are aiming to offer training session(s) which would cover the topics of most interest so what type of training delivery would best suit your community group or organisation, please choose.

- In Person sessions at set dates and times
- Remote sessions at set dates and times
- Online Bitesize units which can be downloaded anytime
- Train the Trainer sessions which can then be disseminated by yourselves to more train further staff/volunteers?
- Other (please specify)

**Question Title**

8. Would you be interested in receiving further sources of advice regarding householder's energy saving and climate change as well as training we are aiming to develop?

- Yes
- No

**Question Title**

9. Please provide your contact details including role, for GDPR purposes.

**Question Title**

10. Would you be happy for us to pass your details onto the Suffolk Climate Change Partnership's Community Support Officer who is looking to set up a database of groups carrying out work across Suffolk?

- Yes or No
